

# Helping Women Now®

JC of Concord, CA received free breast health resources at an NBCF outreach event and thanked us for information that "saves lives."

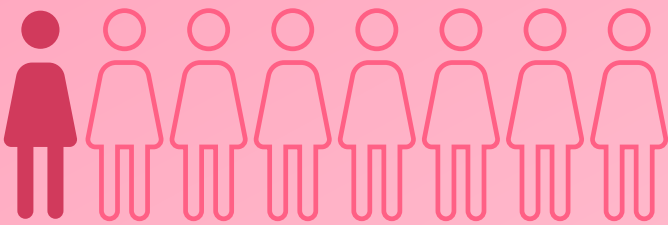

Each year, NBCF sends thousands of HOPE Kits, a tangible expression of hope, providing comfort and encouragement to women undergoing breast cancer treatment.

Aeisha & Aesha, patient navigators at NBCF partner facility Parkland Hospital, provided breast health education and support to women in the community.

These patients left their metastatic breast cancer retreat with renewed hope and a sense of community.

## 1 IN 8 WOMEN

in the United States will develop breast cancer in her lifetime.

This year, an estimated **376,030 women** will be diagnosed with breast cancer in the U.S.

**That is one woman every two minutes.**

In one year, NBCF shared the importance of early detection **more than 250 million times**, empowering women to prioritize their health.

Laura (right), Patient at NBCF Partner Hospital

"Your funding and my doctor are a blessing in my life. What a wonderful organization you are; helping so many people in their time of need... Thank you for taking my worry away this year."

- Laura  
Patient at NBCF Partner Hospital

Laura, whose mother died of breast cancer, was laid off and lost her medical insurance. Thanks to generous supporters like you, she received a free mammogram that she could not otherwise afford, allowing her and her doctor to continue to be proactive about her breast health.

For those facing breast cancer, and their loved ones, NBCF provides help across the bridge to hope.

#### Education & Outreach

Community ambassadors and volunteers connect people with breast health information, local medical services, and breast cancer support.

#### National Mammography Program

We partner with medical facilities across the U.S. to provide free mammograms and diagnostic breast care services to underserved women.

#### Patient Navigator Program

Our patient navigators help patients overcome the barriers of cost, fear, and misinformation by helping underserved women to navigate the health care system.

#### Support Services

We provide emotional support, guidance, and resources for patients and survivors at every step—whether they're newly diagnosed, facing a terminal diagnosis, or experiencing breast cancer alone.

### Partner with a Trustworthy Organization

On average, over 80% of our spending is directed back into our programs. This funding provides:

- Education and Outreach
- Patient Services
- Survivor Support

NBCF has been recognized for our fiscal responsibility and financial accountability.

You can help women at every step of the breast cancer journey.
